INTERIOR DESIGN

OUR CLIENTELE

We work with homeowners who value excellent style, personal expression, and uniqueness. Our clients are often too busy to pull together a design on their own and look to us for full project management, concept development, and problem solving.

Our varied team of professionals and wide skill set allows us to work on each project efficiently, from coordinating other vendors and tradespeople to managing, ordering, and installing various elements of the design.

TESTIMONIAL

OUR RESULTS

"Her creativity, passion, professional, diligence and patience was much appreciated when it came to redesigning our space" - Tayo O.

"Working with Ore was a pleasure. She made the process so easy I was able to relax and feel comfortable knowing she was taking care of all the details." - Ordith C.
